It is with great appreciation to Dinges Fire for sponsoring this booth and bringing a truck to the conference to collect donations and connect our members to this program that supports firefighters of Ukraine

Support Ukraine

We still have a long road ahead and must direct all our efforts to the Ukrainian nation. The men and women of Ukraine have shown us how strong and determined they are to protect their land and all we can do to help is support and pray.

With that said, @Help Firefighters Ukraine is looking for opportunities to partner with other organizations to gather as much firefighter equipment as possible and ship it to Ukraine to help support those fighting for their own country.

For more information about @Help Firefighters Ukraine, please visit our website at helpffua.com. If you can help provide any equipment, please fill out the drop-off form with a list of the items/quality and we will coordinate pickups and drop-offs.

Please let us know if you want us to provide you with 501c3 documentation, or if you have other questions, at yanafeygan@gmail.com or 773-240-2302.

Your donation will provide vital assistance to Ukrainian firefighters. Below is a list of items we are collecting that will be sent directly to Ukraine.

- **New or used firefighter bunker/turnout gear**
- **Personal protective equipment (PPE)**
- **Life rescue equipment**
- **Medical supplies from fire departments and vendors in the United States**

2022 Legislative Award

The IAFPD Legislator of the Year Award presented to Representative Lawrence Walsh, Jr.

2022 Kenny Long Award

Recipient:
Matt Perez, State Fire Marshal

Established in 1996 and named after a leader, strong visionary and someone truly devoted to the mission of the IAFPD with a passion for helping small districts. Recipients are selected by the IAFPD Board of Directors and often follow the same philosophy and possess the same leadership vision as did Kenny Long. The award is given to a person who has made a significant difference to the fire service as a whole and their work will be seen for years to come. This year's recipient surely fits the criteria…

While our award recipient is a 27-year veteran with a city department, Matt Perez has demonstrated compassion towards every type of firefighter and department. He has gained an excellent reputation during his 7 year commitment to address the needs of the state – including smaller departments in his short career as Fire Marshal. He demonstrated a commitment to listening, learning and understanding the challenges and worked towards solution-oriented changes for the Illinois fire service. Perez is one of the original visionaries who spearheaded a focus group that introduced CRR to several fire organizations and has kept the momentum going. He was forced to respond to the COVID crisis, positive tests, firefighter quarantines, and other personnel issues.

Matt has been instrumental in maintaining Cornerstone funds and countless other funding initiatives. He began his 'coffee with the fire chief" tour to listen and learn and supported the PSE 'road trip' initiative to teach the value of the training record software their office provides at no charge.

While Mr. Perez leaves the OSFM to begin a life as a retiree, his dedication and hard work will be seen for years!

A job very well done!
