Dear Fire Protection District Trustees:

As the President of the Illinois Association of Fire Protection Districts, I invite your fire district to benefit from IAFPD membership. You may review the enclosures, which recap the past year while promoting upcoming activities for the new membership year. A legislative report of items directly impacting fire protection districts is included and shows the busy year it has been for the Illinois Fire Service.

In addition to a membership, I encourage your district to designate someone for involvement with our organization. IAFPD prides itself in protecting the interests, rights, and privileges of fire protection districts as affected by legislative, administrative, or judicial action.

District involvement is an integral part of membership. You might facilitate or host a training session or committee meeting, share an idea that could improve the services provided, assist with legislative efforts by communicating our position statements, or serve on one of the standing committees.

Please consider adding an IAFPD update to your meeting agenda. A director or representative may attend meetings to educate district members about the mission of the IAFPD, issues, activities, and programs. As an alternative, you may assign someone to review the IAFPD website prior to the meeting, and gather information or create a report on current events and/or action items. The ultimate goal is simply helping us help others.

If you would like more information on ways your district can work with IAFPD, or questions on how IAFPD is able to assist your fire district, the Board of Directors and staff are interested in hearing from you.

On behalf of the IAFPD officers and directors, we thank you for demonstrating a commitment to your district and to those it will benefit. We look forward to the opportunity to be of service to you in the future.

Regards,

Michael Dillon, President
