

Illinois Association of Fire Protection Districts

“Representing 630 Fire Protection Districts throughout Illinois”

We appreciate both our longtime supporters and our potential future Associate Members! With the help of our members, IAFPD has been able to successfully bring fire protection district officials across Illinois the resources and support that they have grown to expect. Because of IAFPD’s dedication to education and advocacy of fire protection district officials in Illinois, we can provide your company with multiple opportunities to engage with more than 3,000 fire service officials. These members represent over 75% of the fire protection districts in this state and are part of a targeted market who are direct consumers of the products and services your company provides. Promotional opportunities include:

- Online business directory listing – included with membership
- Social media marketing – included with membership
- Listing in at least two print mailings each year – included with membership
- Website banner placement with clickable company logo – included with membership
- Advertising opportunities in The Fire Call
- Direct email advertising – available to members only
- Hybrid education session and webinar sponsorships – available to members only
- An annual conference with sponsorship opportunities for in-person and virtual sponsors

When you renew your Associate Membership, your company will be recognized throughout the year as a supporter of IAFPD’s mission of “Supporting better governance by fire protection district officials through education, resources, communication, and legislation”.

You can renew or join today by filling out and returning the bottom of this sheet with payment. If there is any way we may be of help, please do not hesitate to contact us.
