

# Illinois Association of Fire Protection Districts

*“Representing Fire Protection Districts throughout Illinois”*

We appreciate both our longtime supporters and new Associate Members! It is because of IAFPD’s dedication to education and advocacy of fire protection district officials in Illinois that we can provide your company with multiple opportunities to engage with upwards of 3,000 fire service officials, representing most fire protection districts in this state. By taking advantage of ***bundled advertising and sponsorship packages***, you can save marketing dollars while getting your company in front of our members ***before other suppliers*** and ***more often***.

As an Associate Member, you have the benefit of access to a targeted market who are direct consumers of the products and services your company provides. Your message can reach IAFPD’s members through direct mailing at least quarterly with *The Fire Call* and periodically with other mailings. Your company is listed in ***two print listings annually and the online*** directory, where our members go to find products and services first. *Only members* have the option to promote products through social media, direct emails, and website banner ads. As a member, you can connect directly with more than 1,300 attendees at training sessions year-round.

IAFPD has advertising and sponsorship packages, designed to meet the promotional needs of our members. You can renew and update your Associate Member profile today and sign up for the bundle that fits your marketing vision for 2024. We strive to make your membership the best it can be and welcome your comments and questions. Our staff is looking forward to working with you in the New Year.
