

DISTRICT PROFILE

Chillicothe Community Fire Protection District

Accomplishments:

The year 2020 did slow us down, but did not stop us. CCFPD hosted 2 Basic Operations Firefighter classes, Haz-Mat Operations, Fire Investigator, Instructor I, Emergency Medical Responder and the 96th Annual Fire College, in addition to 11 cornerstone classes. We have brought on 11 new members. We currently have 4 new members going through the recruit process. Established a 4-person duty crew during the day. During the beginning of the Pandemic we staffed our station 24/7.

Background

The District was formed in 2017, and the City of Chillicothe joined in 2019. Prior to that the department consisted of the Chillicothe Community Fire Department Inc. which was funded by subscriptions and the City of Chillicothe Fire Department that was funded by city tax dollars. The 2 departments functioned as one department out of 4 stations. The current Chillicothe Community Fire Protection District covers the City of Chillicothe, Mossville, Rome and the Village of Hopewell.
