Pritzker Announces Reopening Plan

Governor JB Pritzker announced Thursday that new metrics will be used to move the state from the current Phase 4 of Covid-19 mitigations to the final Phase 5 (post pandemic standard of normalcy). Rather than transitioning directly to Phase 5, the Governor outlined metrics for a “Bridge” phase, which will allow higher capacity at businesses and spectator events. Recreation activities are allowed with groups up to 100, or 50% of capacity indoors, while outdoor recreation is limited to groups of 100, with multiple groups allowed at the same site. Capacity at ticketed events will increase to 60 percent.

In order to move from Phase 4 to the Bridge Phase, seventy percent of adults age 65 and older must have received at least one dose of coronavirus vaccine, ICU bed availability must be at least 20 percent and positive case rates, hospitalizations and death rates must remain steady over 28 days.

To move from the Bridge Phase to Phase 5, 30 percent of individuals age sixteen and older must have received at least one dose of vaccine, with the same rate metrics as outlined for the Bridge Phase. The Governor also announced that individuals 16 and

older will be eligible to be vaccinated beginning April 12, 2021. The business community has applauded the announcement.

Republicans Launch Reimagine Illinois

House Republican lawmakers this week announced a new policy platform for the caucus dubbed Reimagine Illinois. The platform is based on four goals: ending the culture of corruption in Illinois, responsible fiscal leadership, growing jobs and opportunities for families, and ensuring public safety. To date, Republican house members have filed 81 separate pieces of legislation that would implement the platform's goals.

House Passes Key Bills in One Day Session

The House met on Thursday, March 18 to take action on a number of key bills. House Bill 1871 would make permanent curbside voting and vote by mail provisions that were adopted ahead of the November 2020 general election due to the Covid-19 pandemic. While many Democrat members spoke in favor of the legislation, Republican legislators voiced concerns regarding the security of ballot drop boxes and increased voter fraud.

Legislation to provide continued support to renters and landlords was voted on Thursday in House Bill 2877. The bill will codify protections currently provided to tenants unable to pay their rent through a moratorium and help direct additional federal funds that will flow to the state for these programs. The bill also contains language that will seal eviction records under certain circumstances.

The final pillar of the Legislative Black Caucus reform agenda also passed on Thursday as House Bill 158. The healthcare omnibus bill contains provisions to address implicit bias in healthcare for communities of color, increase access to healthcare for these same communities, provide funding for safety-net hospitals, develop community care workers and provisions regarding dementia training requested by the Illinois Department on Aging.

In perhaps the most controversial vote of the one day session, the House took up House Resolution 132 which condemns Representative Chris Miller (R-Robinson) for his participation in activities in Washington D.C. on January 6, 2021. In his remarks responding to the resolution, Miller said he was in Washington moving his wife U.S. Representative Mary Miller into her congressional offices and did not take part in the riot at the Capitol.
