CE Hours for Fire & Pension Trustees

Fire Protection District Trustees (A) Public Act 95-0799 requires trustees who have completed the Essential Trustee Training Program to fulfill a 3-hour annual continued education requirement. **All** sessions presented at the IFSC satisfy this legal training requirement.

Pension Fund Trustees (P) The IAFFD Conference program offers **8 hours** of qualified pension training credit to fulfill the in ethics and pension fund administration. Some of the educational programs at the IFSC meet both the fire and pension board CE requirements.

Tru\$tee Grant\$

The IAFFD Foundation Scholarship program has a Trustee's Grant Program that is available to assist trustee members of the Association who are interested in attending the Annual Conference but may have financial constraints hindering their ability to participate.

The vision of the program is simple:

- to promote education for those serving as an elected or appointed trustee,
- to present opportunities for networking with others tasked with the same role, and
- to provide a venue to learn from the experts who provide resources, specialty services, and fire equipment utilized by the fire services.

The Foundation's Trustee Grant may award up to \$500.00 per recipient for the 2023 Annual Conference. Some restrictions apply and all applications will be considered. For more details and application, visit IAFFD.org

- **Essential Trustee Training Part 1: Organization & Administration**

Speaker: Jim Sinclair, Stobbs & Sinclair, Ltd.

The ETT program is given in three parts. Part 1 deals with administrative matters and ongoing requirements for fire protection district boards and administrators with a focus on the Annual Calendar and Checklist issued by the IAFFD each year. It will be a broad-brush coverage of multiple, and sometimes disparate, topics dealing with fire protection district administration. Attendees must be pre-registered to attend this session.

8:15 am - 9:15 am.....PCC Room 400

- **Opening Ceremony w/ Keynote: Ignite Your Leadership Potential**

Speakers: Damon Schuldt, Ray Larson, PFD Honor Guard & LTC Oakland McCulloch

The official event kickoff with opening remarks followed by a dynamic keynote. Colonel McCulloch's talk is based on his wealth of knowledge and lessons learned during his career as a leader. Oak highlights leadership principles that will benefit today's leaders and inspire the leaders of tomorrow. There is NO discussion of theory in this presentation. We will discuss what every leader can do every day to improve their leadership skills and abilities. We will examine what it

takes to become the leader you were meant to be – a Servant Leader. *About our Speaker:* Retired Lieutenant Colonel Oakland McCulloch is an internationally recognized keynote speaker and the author of the 2021 release, "Your Leadership Legacy: Becoming the Leader You Were Meant to Be." Both his leadership talk, and his book are based on his 40+ years of leadership experience in combat, peacekeeping operations, disaster relief operations and in the board room. Oak highlights principles that will benefit today's leaders and inspire the leaders of tomorrow, in any profession and at any level of leadership.

9:30 am - 10:30 am - ROUND ONE BREAKOUT SESSIONS

- **OMA/FOIA: The Latest Opinions & Decisions Interpreting Illinois Sunshine Laws**

Speaker: David K. Livingstone, Madison Co. State's Attorney Office

This program will bring you up to date on the current interpretations on compliance with Illinois' sunshine laws: the Open Meetings Act and the Freedom of Information Act. The latest opinions issued by the Attorney General's Public Access Counselor and decisions from the Illinois courts will be covered, focusing on how those opinions and decisions affect local governments.

- **Cyberattacks**

Erin Stone, Illinois State Treasurer's Office

Did you know that there is one new cyberattack every 39 seconds and that 64% of companies have experienced a cyberattack? Government agencies are in the top five most targeted industries worldwide for cyberattacks. In the ever-changing world of cybersecurity, this session will update you on the latest tricks and schemes that the cybercrooks are using to try to breach your systems. It will also cover current best practices on how to help safeguard your organization.

- **Relentlessly and Leading Relentlessly**

Speaker: Stan Partlow, Relentless Effort, LLC

The focus of this discussion is understanding the reasons leaders fail to become the bosses they they had. The conversation provides insights on making lasting change that will propel the students to become leaders they aspire to be.

- **Mobile Integrated Healthcare**

Speaker: Lt. Eric Christensen, Wauconda Fire Protection District

Mobile Integrated Healthcare – Community Paramedicine (MIH-CP) is a program that is beginning to gain traction across the country and specifically in Illinois. MIH-CP is a proactive, preventative approach to prehospital care that is designed to increase efficiencies in EMS and 911 calls, better treat patients who are chronically ill and who use 911 to mitigate their chronic health conditions, and expand the level of care that paramedics provide to their respective communities. MIH-CP programs are designed with community service in mind and leveraging local resources and relationships to improve patient outcomes and more effectively utilize community and 911 services.

Tuesday, Sept. 17 Continued

9:45 am - 10:45 am - ROUND THREE BREAKOUT SESSIONS CONT.

■ **Lessons Learned from the Highland Park Active Shooter Incident**

Speaker: Chief Joe Schrage, City of Highland Park

Tragically, on July 4, 2022, the City of Highland Park experienced an event that no community should ever have to endure. While celebrating patriotism and hometown pride during an Independence Day parade, a shooter on a roof rifled 83 rounds into the crowd killing 7 with 48 others wounded by bullets or shrapnel. 12 on-duty, Chief Schrage and 6 off-duty Highland Park Firefighters were in the parade. They immediately responded to triage, treat and transport the victims. Two additional firefighters responded to the scene from home. Decisions and actions, early in the incident, kept the incident from being more tragic. The quick actions of Police officers, Firefighters, and civilians saved lives. The responding fire department members have been recognized by the City of Highland Park, Illinois Tactical Officers Association, The Hundred Club of IllChiefinois and the Illinois Office of the State Fire Marshal with medals of valor.

■ **The Importance of Formal Research and Development in EMS**

Speaker: Scott Renshaw, Buffalo Grove FD

Innovation in EMS is rapid, exciting, and sometimes scary. Current products, medications and procedures are constantly evolving with new items being developed faster than we can seemingly keep track of. How do we make sure that what we currently use in the field is the latest & greatest? How do we take advantage of emerging technologies? How do we make sure that these new items are safe, for both us and our patients? Having a robust Research & Development process in-place takes the guesswork out of the evaluation process and provides a framework to identify, trial and ultimately incorporate these new tools into our day-to-day operations.

■ **Pension Case Law Update**

Speaker: Meganne Trela, Ottosen DiNolfo Hasenbalg & Casaldo, Ltd.

Illinois courts regularly issue opinions in cases involving the award or denial of pension benefits under Article 4 of the Pension Code, as well as other matters relevant to pension funds. This program will review recent cases issued by the courts since the last Conference. These court decisions become binding on pension boards in carrying out their administrative duties, making this a must program for all Article 4 pension fund trustees
