About the Cover:

As we follow a year of constant cancellations, including the 2020 Annual Conference paired with many ongoing challenges and major setbacks, the conference committee selected **"Hindsight is 2020: Where Do We Go from Here"** as the 2021 Annual Conference theme. IAFPD has embraced the current times by offering a new format that has limited in-person attendance with the option to join the entire event online! While the event differs greatly from years past, the IAFPD continues to focus on the educational needs their members.

The content of articles contained in THE FIRE CALL solely reflects the personal opinions of the authors or contributors and does not necessarily represent the official opinion or position of the IAFPD, its officers, directors, members or staff.
